

THE SVALBARD EXPEDITION

2025

THE SVALBARD EXPEDITION, DAY ONE

THE JOURNEY BEGINS ! KIRKWALL, SCOTLAND

I've arrived at the gateway to the Orkneys—one of the first places where the energy from Svalbard is said to have landed. Fog, stone, sea. What looks like a harmless family vacation is in truth a search for a place the Qaraq once touched, long before this version of me ever wrote about it.

Start the journey. [Book 1 of The Reincarnation Chronicles.](#)

THE SVALBARD EXPEDITION, DAY TWO

TRACES OF ENERGY TRANSACTIONS RING OF BRODGAR, ORKNEY

Standing among these Neolithic stones, I imagine the echoes of the ovoid's ancient transmissions from Svalbard. If you listen between the wind and the seabirds, there's something still pulsing here. Something older than story. What's an ovoid? What's a qaraq?

THE SVALBARD EXPEDITION, DAY THREE

NORTHERN ORKNEYS 📍 STRONSAY, THE VAT OF KIRBISTER

North of North. I come seeking memory in these island cliffs. Keyhole to the Infinite. The ovoid: silver, yes—but also memory, language, a device that prompted civilizations. It swam, flew, seeded. I've never seen it outside the imagination, but here I feel its presence. Ovoid energy once spilled down onto Svalbard, Stronsay, Ichnadamph, where covens gathered. Read how they pulled a giant roukh through a magic mirror.

THE SVALBARD EXPEDITION, DAY FOUR

NORWEGIAN WOODS 📍 OSLO, NORWAY

Oslo is one of those cities that hums with myths buried beneath the metro lines and street food. The ovoid's first landing was among the forest peoples of the North, the first place it seeded song and fire. I listen for the breath of old civilizations rustling through pine.

Memory. Karma. Story. It all begins here.

THE SVALBARD EXPEDITION, DAY FIVE

THE TRAIL OF THE VIKINGS

📍 OSLOFJORD

The Soul Who Witnessed once lived as a Viking—I follow his trail in the curvature of these ships. Or was it a troll? A very large troll? He witnessed Svalbard, the ovoid, and its Great Journey around the planet. Then he shared all with his soul circle, the Qaraq.

Witness the Journey.

THE SVALBARD EXPEDITION, DAY SIX

TO THE COAST 📍 EDVARD GRIEG'S HOME, BERGEN

Grieg's music stirs the same energy as the Ovoid's Song. Listen: the way his melodies rise from the fjords—it's the sound of ancient memory made culture. Peer Gynt's hearth land is a place of weather, angles, and waiting. Tomorrow we sail. Every lifetime leaves a mark.

Join in the song.

THE SVALBARD EXPEDITION, DAY SEVEN

PORTAL TO THE FJORDS 📍 LEAVING BERGEN

We begin the marine journey—the same waters where the ovoid began its journey through seven seas and across mythic depths, according to The Reincarnation Chronicles. Today I sail its first stretch, watching plankton shimmer like ancient signals in the sun. Atlantis awaits beyond the waves. Swim deeper. You'll need a Guide to the hidden depths of The Reincarnation Chronicles. [Grasp it here.](#)

THE SVALBARD EXPEDITION, DAY EIGHT

FIRST FJORD SIGHTINGS ÅNDALSNES

Mountains drop like thoughts into water here. Fjords once absorbed memory and craft from the ovoid. Here is the Holey Mountain. I scan the rock faces for shapes I once imagined. Or lived. Don't think cliff faces can be incarnations?

All is revealed in Book 2. Out now.

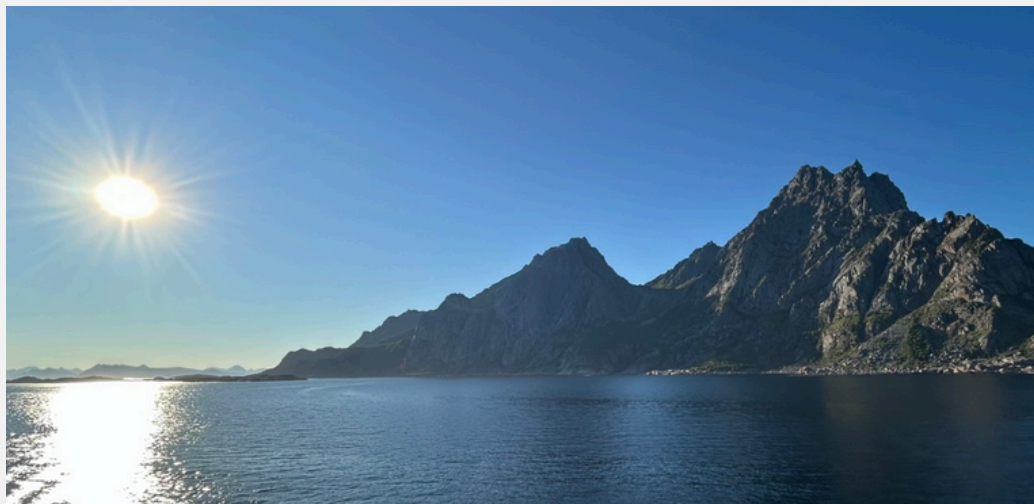

THE SVALBARD EXPEDITION, DAY NINE

ARTISAN ANCHORS TRAENA ARCHIPELAGO

An island culture built on artistry and endurance. The ovoid seeded micro-civilizations like these, where creativity took root. We land to explore what grew here. What germinated from Svalbard, as we near that preternatural isle.

The Qaraq is where The Reincarnation Chronicles takes root. Read Book 1 before Book 2!

THE SVALBARD EXPEDITION, DAY TEN

THE VIEW OF THE WORLD LOFOTEN

*In the Qaraq mythos, Lofoten was the first landform to show the ovoid its full potential—
a vision point, a revelation.*

Begin where the soul story starts.

THE SVALBARD EXPEDITION, DAY ELEVEN

ARCTIC CAPITOL TROMSØ

Tromsø is a city of polar light and anticipation. Here, I prepare for the final leap to Svalbard. The Soul Who Witnessed once passed over this threshold on his soul expedition. To Svalbard!

Book 2 Launch is here. [Catch up with Book 1.](#)

THE SVALBARD EXPEDITION, DAY TWELVE

THE NORTHERNMOST WISH 📍 NORDKAPP (NORTH CAPE)

The northern tip of mainland Europe. Sun, stone, and fog merge like timelines. On its Journey to Svalbard, the ovoid passed over this Edge of the Known. Turn Unknown into Known.

THE SVALBARD EXPEDITION, DAY THIRTEEN

SURROUNDED BY SEA 📍 BARENTS SEA

Onboard the homeward stretch of the Journey to Svalbard. The ovoid, the Soul Who Witnessed, and friendly pteropods swam these waters. This wasn't just a cruise. It was a passage into the deep script of the sea.

Take a deep dive with [the Guide to The Reincarnation Chronicles](#).

THE SVALBARD EXPEDITION, DAY FOURTEEN

SVALBARD REGAINED SOMEWHERE BETWEEN MYTH AND LANDSCAPE

The Cold Shore Islands come into view. Blue icebergs calve into the five seas that surround Svalbard. I've arrived at the place where the Journey began, above the map, in the white margin of imagination.

THE SVALBARD EXPEDITION, DAY FIFTEEN

THE SOUL WHO WITNESSED 📍 LONGYEARBYEN, SVALBARD

For years, Svalbard lived only in the pages of my book—an imaginal zone conjured by Internet research. Now I walk where the Soul Who Witnessed once stood—the Qaraq member who saw it all from the icy margin.

I didn't expect how physical it would feel to return to a place I hadn't been.

Return to The Qaraq before the qaraq's power slips in Book 2. Out now!

THE SVALBARD EXPEDITION, DAY SIXTEEN

TO WALK IS TO ECHO SVALBARD

Some part of me has lived here before—as an alien being who arrived not to conquer, but to remember. This place calls not to the body, but to something older inside it.

Read The Qaraq before Maya takes hold.

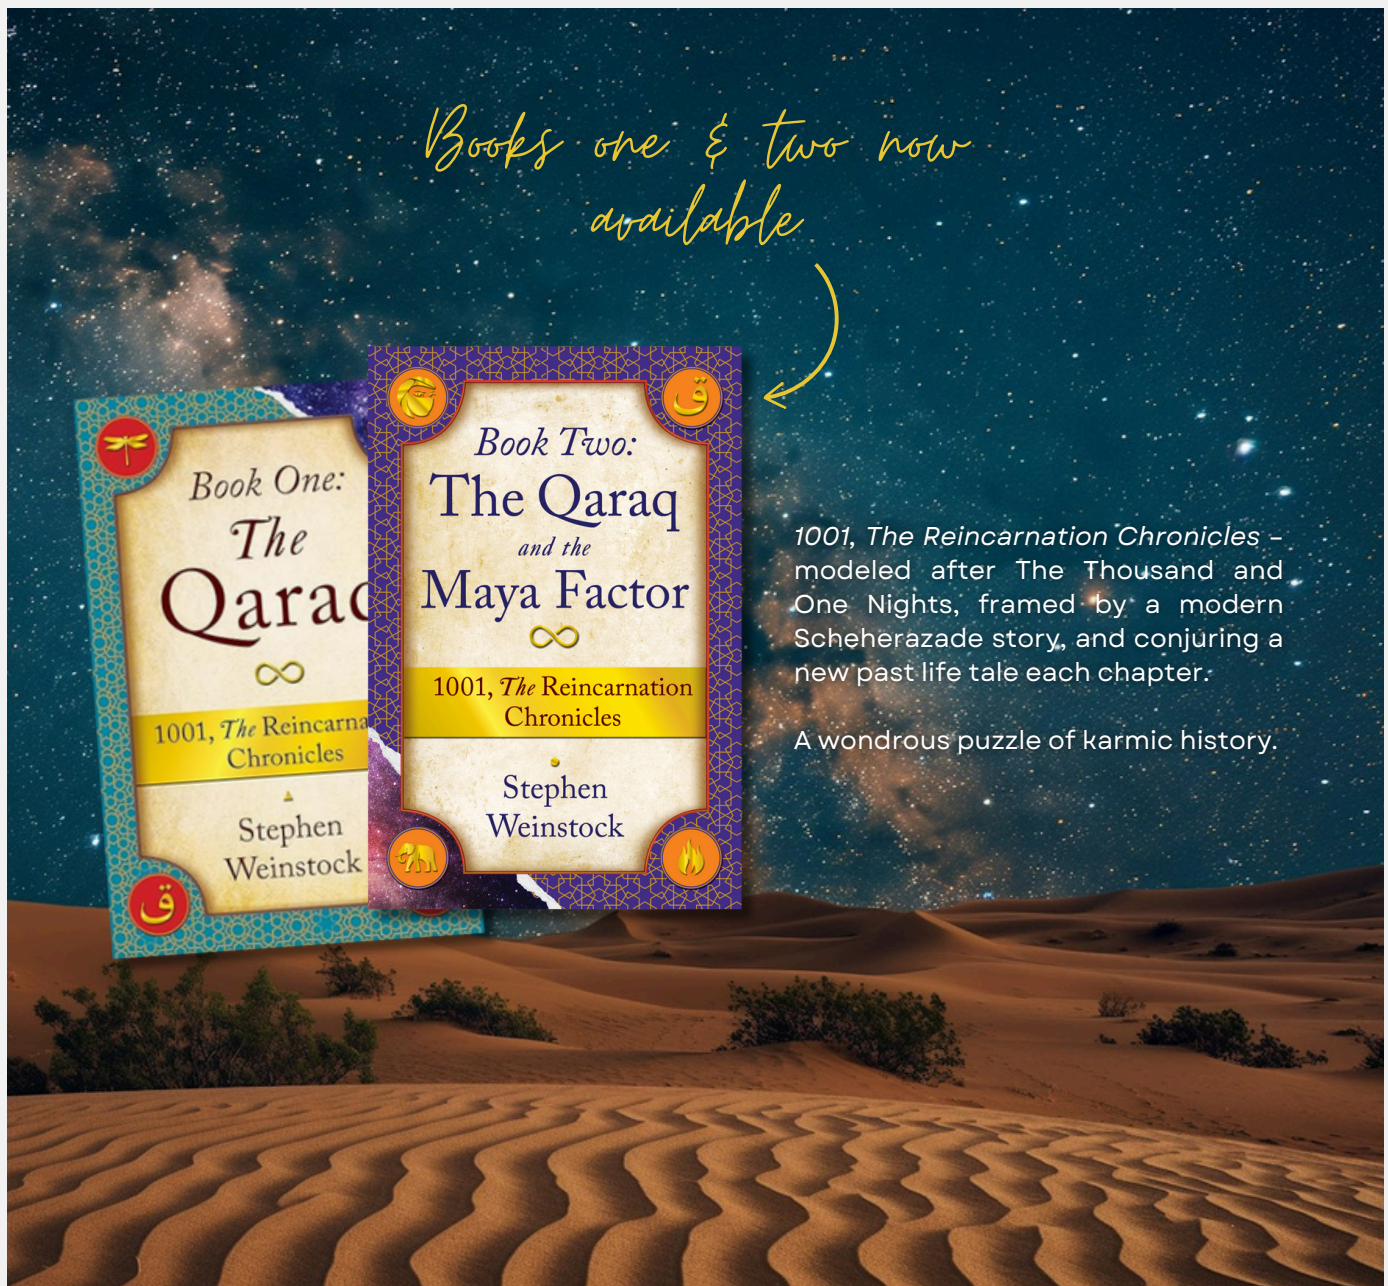

THE SVALBARD EXPEDITION, DAY SEVENTEEN

FAREWELL TO SVALBARD 📍 TO OSLO, EDINBURGH, AND NEW YORK

I Was the Soul Who Witnessed. Swimming with the pteropods through seven Northern seas. Flying with the ovoid down to Atlantis. Returning through layers of memory and seeing the karmic patterns. Coming home to the cosmic pup.

Uncover the patterns. Join The Maqaraqan. Get a free Guide to The Reincarnation Chronicles.
